Daily Colonist.

FRIDAY MORNING, MARCH 12TH, 1880.

L. P. FISHER, 20 and 21 New Merchants Exchange, is our authorised Agent in San Francisco.

NOW AND THEN.

Our article based on Mr. MACKENZIE'S disgraceful declaration in the House that he advertised for tenders for railway work in British Columbia to ascertain what the road would cost, has caused the local Government organ to open its editorial batteries in an attempt to convict us of inconsistency in dealing with the Liberal leader and his railway policy. As we remarked on Tuesday we have always credited Mr. MACKENZIE with honesty of purpose and a genuine desire to do justice to British Columbia. We knew, however, that his hands were tied in a great measure by the baleful influence which Mr. BLAKE exerted upon his party and policy, and by the serious falling off of the revenue of the Dominion. But we never supposed—nor do we now believe—that Mr. MACKENZIE purchased and shipped 5000 tons of steel rails to this Province, and expended $750,000 in equipping parties of surveyors to explore the country for a practicable route for the railway, with the sole object of finding out what the road would cost. There was not a single year during the term that Mr. MACKENZIE held power that the solemn declaration was not made in the House that next season the Government would be in a position to award contracts. Who could have imagined for a moment that the vast expenditure was not initiated with the best motives and the most honorable intentions? The organ exclaims that he early discovered that Mr. MACKENZIE was a "charlatan and an imposter;" but our discerning contemporary must remember it was not very long ago that he professed to discern in Sir JOHN MACDONALD the identical characteristics which he now ascribes to Mr. MACKENZIE? We remember how five or six years ago the *Standard*, whose incorruptible mind having been shocked by a perusal of the evidence in the Pacific Scandal, raised its italics and exclamation points in denunciation of what it was pleased to call a disgraceful act of political dishonesty for which the MACDONALD Government deserved to be driven from office. How Mr. DECOSMOS, M. P., with his pure soul stirred to its inmost depths by the evidence taken before the Royal Commission, declined to attend a Conservative banquet given in honor of Sir JOHN after his resignation—saying that he would be "double blanked to blank if he was going to be hitched to any blanked dead horse, and especially to a horse that had been killed while in the act of appropriating fodder that did not belong to him." How the same gentleman at the celebrated banquet at Alhambra Hall "thanked God Sir JOHN had fallen," and predicted his fall would be a blessing to the country. How the organ heartily endorsed those utterances and never tired of referring to the Conservatives of Canada as the "railway charter-sellers" who had got their just deserts. Oh! but the organ will squeak, Why go so far back? Try us on our more recent record. See if you can find anything inconsistent in that for the past year and a-half. Very well, then, let us see how his record stands: In 1878 the ELLIOTT Government were defeated because it was said they were lukewarm in pressing the claims of the Island railway on the Canadian Government. It was a lie, of course; but it was published by the organ and answered the purpose. In October, 1878, Sir JOHN MACDONALD was returned by an almost unanimous vote to represent Victoria in the Commons, and when the smoke of the contest had cleared away and the organ had had time for reflection, it said:—

"Sir JOHN is pledged at this moment to commence railway construction before 1st of May next (1879) or advocate separation."

Well, the 1st of May, 1879, is gone and the 1st of May, 1880, is nearly here, and no signs of the commencement of the Island railway are visible. Mr. DECOSMOS at Ottawa complains that the Government have deceived him; our carpet-bag Premier is said to be returning disappointed; Sir JOHN is not advocating separation and the organ is as quiet as a mouse that meditates a descent on a Stilton cheese. There is no agitation for secession from that quarter now. Far from it. The organ has not ventured to express an opinion on the policy that has adopted the Burrard Inlet route, and says nothing at all about the Island railway. "Now and then." To go back to the days that Lord DUFFERIN spent amongst us we find the *Standard* clamoring for the road *via* Bute Inlet to Esquimalt or secession. When the steel rails were about to be moved in 1878 it called on the people to resist the movement. To-day it says nothing. What can have brought about this astounding change? From a roaring, rampant, bouncing hyena the *Standard* has become a sucking dove with weak eyes and clipped wings! In the course of a very few days the people shall see what they shall see from that quarter.

COLUMBIA RIVER BAR.

Our exclusive dispatches from Astoria announce the probable loss of another fine bark on the Columbia river sands. These disasters have become so numerous of late that the day is not far distant when shippers and owners will have to turn to Puget Sound for a harbor which will be approachable at all hours and, in all weathers. Nothing need be expected from the company who hold the short section of railway from Tacoma to Kalama in their hands. They are too deeply interested in Portland town lots to make the carriage of wheat over their line to a Puget Sound port profitable. The only hope for Washington Territory to grasp and control the wheat trade of its own section and Oregon is to attract the notice of Eastern capital to the unrivalled harbors which indent the shores of Puget Sound, and to make it an object to the holders of that capital to construct a railway from Columbia river to Seattle or some other good port. With such a road in running order three-fourths of the shipping that now finds its way to Portland would resort to Puget Sound. What makes this last disaster the more galling is that the bark was loaded with Washington Territory wheat, the shipment of which might easily be diverted to Seattle. We would impress upon our Puget Sound contemporaries the importance of directing the attention of their people to this unfortunate matter. Who is the territorial representative at Washington? and why is his voice not heard in support of this great scheme which is worthy the attention of the foremost statesmen of the day? We cannot help thinking that if the wideawake Seattle newspapers would devote more time to pressing this matter on the notice of their readers, and less to working up the impracticable Death's Head or Sourdough route to the Skaget mines, they would confer a blessing on the territory. In three or four years' time ships will load at Victoria with grain from the great interior of this Province, while Washington Territory—unless her citizens should bestir themselves meanwhile—will continue to pay tribute to Oregon, and will continue to see about every fifth cargo of her wheat come to grief on the bar.

Anti-Chinese Society.

TO THE EDITOR OF THE COLONIST:—Sir—As the above Society has lately on several occasions come prominently before the public; now applying to the City Council to father their petition to Ottawa, and at another time contemplating an interview with Mr. Onderdonk on his arrival to remonstrate with him about countenancing Chinese labor, may I be allowed through your columns to ask for information respecting said Society? As to the number of members of which it is composed? and if it is true that it is pretty much limited to the President, Vice-President and Secretary? and no more entitled to be regarded as the mouthpiece of the citizens of Victoria than the three tailors of Tooley street were to be regarded by "We the people of England?" ANTI-HUMBUG.

Chinese in New York.

NEW YORK, March 3.—The *Herald* says that the announcement that several hundred Chinese are on the way to New York has caused general satisfaction among boarding house keepers who expect to reap a rich harvest. Extensive preparations are being made to welcome the refugees. Additional rooms have been engaged in anticipation of a general influx of celestials, and the prospect seems bright for all who are disposed to quit San Francisco and make their home in the metropolis.

Yesterday a Chinaman and his wife arrived from the railway depot at the house of Woo Kee, in Mott street. They are the vanguard of an immense army of almond eyed exiles who are about to pour into this city if the situation continues to be serious. The Chinese lady was well dressed, and good looking. Her husband, fearing that a general massacre was about to take place in San Francisco, brought her here.

About three weeks ago a Chinaman named Ah Hee arrived there from China with his wife and children. So numerous were the stories he was told by his pig-tailed brethren that he started at once for New York. A reporter saw Ah Hee and wife at 104 Park street yesterday and learned from them that they were well satisfied with New York and would endeavor to persuade San Francisco Chinese to come east. The California movement is spreading terror among Chinamen. They are arriving at the rate of about twenty a day, and some write back such favorable reports that others are ready to follow. The celestials have secured leases of nearly every store in the lower end of Mott street.

A determined effort is being made by property holders in the upper end of Mott street to prevent the colony from spreading, and to all offers of high rents they give a stolid denial. They feel that if the Chinese get sufficient headway they will take possession of that quarter of the city. The tactics employed by the Chinese to get possession of a house next door is to disgust the tenants who leave, and then they offer to pay a good sum in rent.

If trouble comes to us it will not come from them. The most inexcusable and outrageous means are being used by designing men to goad them to riotous demonstrations. They will fail. I will vouch to the world for them. However the people abroad may be imposed upon, the people of this city see through all the transparent humbug of military interference."

EASTERN STATES.

ST. PAUL, March 7.—The grain elevator of Munger, Martell & Co., Duluth, burned to-day. It cost $50,000 and was insured for $20,000. It contained about 170,000 bushels of grain, upon which there was an insurance of $85,000 on grain owned by David Dows and Barnes & Barker.

DULUTH, March 8. — A fire broke out at 5 o'clock this morning in the roof of the wholesale dry goods house of Aureback, Finch, Culbertson & Co., the largest building and occupied by the heaviest firm in the city. The fire smouldered for nearly an hour before breaking out, but the firemen were unable to reach it to check it. At about six o'clock it broke out at the upper story windows, and the building was soon beyond salvation. The building cost $90,000, was insured for $45,000; value of goods, $850,000; insurance, $492,000.

WASHINGTON TERRITORY.

SEATTLE, March 9.—The steamer Fanny Lake, with a full load of freight for Nootsack and way ports, sank at Mill street dock at 3 o'clock this morning. She had been made fast during the previous day to the fender piles of the wharf, and as the tide receded her lines slipped down; as it rose again during the night they held her fast, causing her to list over toward the wharf and ultimately to fill with water. Several passengers, and the crew, who were asleep at the time, had no warning of the approaching catastrophe until the water flooded their rooms, several of them escaping in their night clothes. Peter Sinclair, deck hand, was missing, and upon hauling the steamer out this afternoon was found dead in his bunk, having been drowned while asleep. The freight is all in a damaged condition.

THE COLUMBIA RIVER BAR.

ANOTHER SHIP ON THE SANDS.

Slight Prospect of Saving Her.

[Exclusive Dispatch to The Colonist.]

ASTORIA, March 10.—7:20 p. m.—The British bark Dilharre, while crossing out by the north channel in tow of two tugs, went ashore near Swash Channel at lower end of Sand Island about noon to-day. The vessel took a sheer and the tugs could not hold her. Three tugs are now going down to tow her off if possible. There will be high water at 12 o'clock to-night. If successful the cargo will be jettisoned to-morrow. She lies easy and if the wind and weather hold good to-night she may come off; but her position is a very dangerous one. The Dilharre is an iron-framed, planked and copper-fastened bark, 1293 tons register; was built in February, 1865, by Fletcher of London; rated A 1. Length 227 ft. 7 in., breadth 34 ft., depth of hold 22 ft. 7 in. Value $50,000. Owned by J. Lidgett & Sons, London. Probably insured. Cargo 2031 tons Walla Walla wheat loaded by Sibson, Church & Co.

SAN FRANCISCO, March 11.—Denis Kearney has just been arrested for incendiary language.

DESTITUTION.—A gentleman calls our attention to two motherless white boys, about 11 years of age, who wander about the streets day and night, lightly clad, and eke out a precarious existence. The poor children have no home, and unless taken in hand by some one of the charitable institutions in our midst will be led into crime. The police have been communicated with in the hope that they will bring the condition of the waifs to the notice of the charitably-disposed.

BURRARD INLET.—The steamer Alexander arrived from Burrard Inlet last evening, having towed up the ship Mornington. Hastings mill is running night and day and the vessels now there are the Laura Burnham, Penang, Bulwark, Mary G. Reed and Mornington. The Laura Burnham will complete her cargo in a week from date. Moody & Co.'s mill is only running days. The vessels there are the bark California and the ship Helicon.

PUGET SOUND.—Both mills at Port Gamble are running on two-thirds time and cutting about 100,000 feet of lumber daily. One hundred and fifty men are employed in and about the company's works at this port. There are five vessels in port....J. M. Vanderbilt & Co. have bought the steamer Favorite and are fitting her out for use as a steam-yacht in the northern seas.

ADMITTED TO BAIL.—Yesterday, on the application of Mr. H. C. Courtney before the Police Magistrate, Alfred Staff, committed for trial for larceny alleged to have been committed at Salt Spring Island a few weeks since, was admitted to bail in two sureties of $100 each and himself in $200.

THE Seattle *Intelligencer* says the contractors for the Yale Savona railway are principally New Yorkers—D. O. Mills and Morton & Bliss, with Onderdonk, of San Francisco, who will have immediate supervision of the work, and in whose name are the contracts.

FROM PUGET SOUND.—The steamer Isabel arrived here at 4:30 p. m. yesterday from Port Townsend with 8 passengers, a small quantity of overland mail matter, 15 tons of freight and 107 sheep for Messrs. Goodacre & Dooley.

Odd Fellows Hall.

The dedication of Odd Fellows Hall took place yesterday afternoon, the impressive ceremony being performed by Grand Master Wriglesworth, assisted by R. N. Grand officers. At about 2 o'clock members of the Order commenced to muster at the old hall, situate at the corner of Fort and Wharf streets, and an hour later they formed in procession order and marched to the new building, which is in every respect a credit to the Order and an ornament to the city.

Having arrived at the building the Grand Lodge Officers approached the outer door of the hall and the Grand Herald gave the usual alarm. The Outside Guardian then inquired "who comes there?", and on being informed by the Grand Herald that the M. W. Grand Master and other officers of R. W. Grand Lodge desired to be admitted for the purpose of dedicating the hall, entrance was obtained. A similar dialogue occurred at the inner door and the Grand Lodge Officers having entered and taken their respective seats the building was delivered to the Grand Master, and the keys were placed upon the pedestal. After a brief prayer, invoking the favor and help of the Almighty, the opening ode was sung and the Grand Marshal then inquired if it was the will and pleasure of the M. W. Grand Master to proceed to the business of dedication. The Grand Master having replied in the affirmative the chairman of the Building Committee announced that the work in which they had been engaged was at last finished and that the temple was ready to shelter the members of the Order within its walls. The Grand Master then, in the name of the Order, accepted the hall for dedication to the uses of Odd Fellowship, and delivered an address congratulating the committee on the successful completion of the beautiful building. He then called up the members of the Order and the Grand Chaplain implored the blessing of the Almighty on the work in which they were engaged. After the usual responses the Grand Master, by authority and in the name of the Grand Lodge, declared the hall dedicated to the business and purposes of Odd Fellowship, to disseminate Friendship, Love and Truth and to diffuse Benevolence and Charity to all its worthy members. The Grand Marshal having proclaimed the hall duly dedicated, the Herald of the North sprinkled water significant of Friendship, pure, refreshing and life-giving. Then the Herald of the South lit the fire on the altar—the fire indicating Love. The Herald of the East scattered wheat, declaring the hall dedicated to the inculcation and cultivation of Truth, and then the Herald of the West proclaimed the hall dedicated to Faith, Hope and Charity, at the same time strewing the floor with fragrant flowers. The Grand Master having intimated that the Grand Chaplain would address the Throne of Grace, the Grand Chaplain offered up a brief but fervent prayer, beseeching God to bless the work in which they had been engaged. The Grand Master then delivered the closing address in which he expressed a hope that the solemn ceremonies of the occasion would not be lost upon the hearts of those he addressed, that they would never forget the imperative command of their laws "to visit the sick, to relieve the distressed, to bury the dead and to educate the orphan." His concluding words were: "May these walls never echo with the sound of an angry or unkind word. May the influences that flow hence be good and for good, now and forever." The Grand Chaplain offered up the benediction and the impressive ceremony terminated.

The building consists of two stories, constructed of brick with ornamental stone and cement trimmings, the roof being surmounted by a wrought iron cresting of artistic design. It has a frontage of 66 feet, a depth of 60 feet, and is 43 feet high to the cornice and 58 feet to the cresting. Its interior has been admirably apportioned and the apartments are fitted with every convenience to meet the requirements of the Order. The dimensions of the lodge-room, which is the handsomest hall on the Pacific coast, are 63 feet long, 30 feet wide and 29 feet high to the coffered ceiling. The design of the ceiling is most elaborate and the plaster work is artistically flowered. After night-fall light is gained from massive chandeliers of very attractive appearance. The upholstering of the hall is effective and the furniture throughout of the best material. Messrs. Hayward & Jenkinson were the contractors for the building, the plans for which were designed by John Teague, Esq., architect.

DEDICATORY BALL.

In the evening the dedication was celebrated by a grand ball and banquet, held at Pavilion Rink, Fort street. The building was very tastefully decorated with a profusion of bunting, &c., and it is estimated that the brilliant assemblage present numbered upwards of a hundred couples. The floor committee consisted of Messrs. J. Wriglesworth, F. Norris and J. C. McCrimmon, who were indefatigable in their efforts to ensure the pleasure and comfort of the company. The music, which was supplied by Messrs. Palmer, Haynes, LeRonde and Huxtable, gave general satisfaction, and the banquet prepared by Messrs. Garnier & Metz of the Colonial Hotel, was of a most sumptuous and *recherche* description. The entire affair was under the management of the following committee: Messrs. Joshua Davies, A. Rome, G. W. Anderson, H. Waller, F. Norris, S. Adler, J. Goode, J. C. McCrimmon and J. Wriglesworth.

WESLEYAN SOCIAL.—The young ladies belonging to the Wesleyan Church will give a social this evening in the basement of the church. There will be singing and instrumental music, recitations and addresses—altogether a very neat and attractive bill. *

BURNED DOWN.—Five shanties obstructing a continuation of Herald street were burned down last evening in accordance with instructions from the City Council. The Tiger steam engine was in readiness to protect neighbouring property and played on the dying embers until they were extinguished.

TO PERFORM AT NANAIMO.—Mr. E. Fisher will visit Nanaimo to-day to make arrangements for the appearance there of his excellent company, which will perform there on Tuesday and Wednesday evenings next. We warmly recommend them to the citizens of that town.

WE are indebted to Mr. J. Levy for a photograph copy of a map of the Skaget gold mines. This map makes the distance from the head of navigation on the Skaget River to be 21 miles greater than the distance from Fort Hope to Ruby Creek.

DROWNED IN THE SKAGET.—James McAlmond, a Skaget river miner, was drowned in that stream while attempting its navigation with a raft on the 4th inst. The perils of that route have not yet been one-half been told.

San Francisco's Trouble.

The agitation at San Francisco continues and the anxiety is intense. Kearney still preserves a bold and defiant attitude and, as our dispatches state, was arrested yesterday morning for using incendiary language. During the past few days the business men and property-holders, alarmed at the threats of the workingmen, have formed a Citizens' Protective Union, which is believed to be another name for the old Vigilance Committee. The objects of the Union are said to be:

First—The preservation of public peace.

Second—The protection of life and property.

Third—The restoration of confidence in the security of life and property from all violence.

Fourth—The resuscitation of legitimate commerce, industries and business interests of the people.

On Sunday Gen. McDowell was ordered from Washington to concentrate his troops to the number of 1500 men in the vicinity of San Francisco, to be prepared for any emergency in protecting the Chinese. The Mayor, who is a "workingman," publishes a proclamation ridiculing the alarm, but the organization of the Vigilance Committee goes steadily on.

The Kamloops Outrage—The Trials to Go on.

It is satisfactory to be enabled to announce that the difficulties which at one time threatened to interpose an insurmountable barrier to the early trial of the Kamloops murderers have been smoothed away and that Mr. Justice Crease will proceed to New Westminster to-day to open the Assizes there to-morrow. The affair seems to have been a miserable bungle for which the Government are entirely responsible; and although the organ plays its liveliest airs when it refers to the expense the country and witnesses have been put to, it is easy to be seen that it strikes the notes and blows the bellows with a heavy heart.

LECTURE.—A lecture will be delivered by Mr. E. A. Jenns at St. John's schoolroom, on Thursday evening next the 18th March, on the uses of the rarer metals. To commence at 8; doors open at half-past seven. Admission 25 cents. *

BARTON HILL, the celebrated actor, and Miss Cameron, will appear before Seattle audiences on Monday and Tuesday evenings.

THE Royal Hospital directors request applications for the position of visiting surgeon until Wednesday 7th April next.

THE steamer Isabel left port last evening for Nanaimo for a load of coal and will return to-morrow morning.

THE steamer Geo. E. Starr will take the place of the steamer Isabel on the Port Townsend route next Thursday.

A BLANK docket at the Police Court yesterday.

Dominion Parliament.

OTTAWA, Feb. 23.

THE COMMONS.

LIGHTHOUSE ON FRASER RIVER.

Mr. McInnes asked whether it is the intention of the Government to place this spring a lightship or lighthouse on the Sandheads of Fraser River, British Columbia, to take the place of the lightship removed therefrom last August.

Mr. Pope (Queen's) said the Government contemplated erecting a lighthouse on iron piles at that point; but a lightship would be kept there until the lighthouse was built.

NORTH-WEST LAND.

Mr. Anglin moved for a return showing the quantities of land sold by the Government in the Province of Manitoba and the North-West Territories. He said he desired to find out what amount of money had actually been received for these sales, and what we might expect to receive for the purpose of defraying the expenses of building the Canada Pacific Railway. The House might now conclude that the effort to secure Imperial aid in this direction had been futile, and the question was now where the money to construct the road was to come from. Under the hon. gentlemen opposite the Dominion had been bound to begin this work within two years, and to finish it within ten years of the date of the Union with British Columbia. He had been astonished to see it reported that the statement had been made by prominent gentlemen on the other side that in acceding to the Carnarvon terms the leader of the late Administration had first bound the Dominion to finish the work within a fixed period; but he was utterly unprepared to hear that statement made in this House, as it had been so utterly at variance with the truth. In every bargain there were certain implied terms, and in this bargain those terms were that we had power to finish this work. The Dominion was pretty well prepared to believe now that we could not finish that work at the rate expected of us. Up to the 30th June last $12,000,000 had been spent on this work, the interest on which was $625,000 annually, making the expenditure about $15,000,000. The expenses of surveying public lands, etc., cost, he believed, $90,000 a year. The sections from Lake Superior to Winnipeg, as well as 100 miles on the prairie lands west, and a large and exceedingly expensive section among the mountains of British Columbia, had been put under contract.

WILSON being about to close out his present line of business will be glad, until the 27th inst, to execute any orders for Picture Frames, and to sell what stock he has *a cost*. Eight Walnut Show-cases for sale cheap. After the above date Mr. W. can be found at BAGNALL & Co.'s Music store. *2w

BY THE ARRIVAL OF THE "LADY HEAD" we are in receipt of an extensive addition to our stock of staple dry goods, consisting in part of flannels, calicoes, hollands, linens, &c. Being bought unusually cheap they will be sold at prices equally so. All wool heavy Imt'n Welsh Flannel @ 25cts. per yard.

THOS. WILSON & CO.

THE NEWEST GOODS.—The undersigned has just received a large invoice of Custom-made Clothing for the Spring Trade of the latest styles, which will be sold at a small advance on cost. Call and examine and you will be sure not to purchase elsewhere. Skaget Miners' outfits. D. GREEN, Government street opposite *The Colonist* office. *

TO MINERS.—Should you be bound for the Skaget mines, if you will call on Fell & Co., Grocers, Fort street, reliable Information will be furnished you as to the best route and the necessary outfits required for your trip. *

An Extraordinary Visit.

PARIS, March 7.—Mouraviff gives the account of a visit of two members of the revolutionary committee to him, which is decidedly dramatic and sensational. He states that this morning while in bed at his hotel a servant brought him the card of a gentleman whom he recognized as an old friend, and he directed that he be at once shown up. This was followed by the entrance of two men evidently partially disguised, who, on entering, locked the door and presenting weapons told Mouraviff that if he consented to listen quietly to what they had to say they would not harm his person, but if he attempted to ring or call for help they would kill him on the spot and get out as they entered. The advocate had no choice but to obey, and his visitors proceeded in low, emphatic tones to state the decision of the committee in reference to Mouraviff's connection with the Hartmann case. Mouraviff says that he was much astonished to recognize in these men a well-known professor in a prominent Russian educational institution and a colonel in the Russo-Turkish war and was decorated by the Czar himself. He replied to their threats by assuring them that he held his life at no higher rate than they held theirs. If they were ready to risk everything for the bad cause they had espoused, he was equally ready to risk his for the Czar and the country. The interview ended by the members of the committee exacting from him a promise not to reveal the fact of their visit, until they had been at least one hour gone from the house. With further warnings of serious results sure to follow to himself if he persisted in pressing the extradition of Hartmann, they took their departure. Mouvariff after recovering from his agitation, proceeded to the Palais de Justice, where he gave an account of what had transpired and left with the prefect an accurate description of the personal appearance and costumes worn by the visitors.

China.

[Special to the Oregonian.]

HONGKONG, Feb. 7th, via City of Tokia" and San Francisco, March 8.—Lau Kwan Yih, viceroy of the two Kwang provinces, paid an unexpected and an informal visit to Gov. Hennessy at Hongkong on the 24th of January. He was received with great ceremony. The visit was one of kindness and to show appreciation of the English governor and the efforts to promote the friendship of England and China and the liberty and privileges of Chinese subjects. Lau has been appointed to the viceroyalty of Nanking and superintendent of trade of South China. Good results are expected to follow the visit. Woo Sung bar, at the mouth of the Shanghai river, a constant obstruction, is likely to be removed.

N. G. Choy, a Chinese barrister, has been appointed a member of the legislative council of Hongkong, a fresh instance of Governor Hennessy's liberality and desire that Chinese residents obtain available privileges. The appointment is generally distasteful to English residents, but is approved elsewhere. The governor said at a school examination: "My wish is that this be made an Anglo-Chinese colony, where Her Majesty's subjects and thousands of Chinese with a knowledge of English language and laws, shall live happily and loyally, a strength to the empire."

Japan.

YOKOHAMA, Feb. 16—VIA SAN FRANCISCO, March 8.—Another tariff proposal has emanated from the government and has been submitted to foreign ministers to send to their superiors. The duties are all specific. A few useful articles are duty free. Opium is only to be imported by the government for medical purposes. Arms and munitions may be prohibited. It is proposed to tax kerosene 5 cents per gallon. The finance minister has commenced the publication of the actual receipts and revenue of the government since the beginning of this reign.

Governor Hennessy, of Hongkong, subscribes $150 for the relief of sufferers by the Tokio fire, and other residents of Hongkong have made donations. Another fire has occurred in the capital by which 2,500 houses were burned.

Liquidation of the national debt speedily proceeds; $7,500,000 will be within this year. The present paper currency is to be replaced by more durable notes—one, five and ten yen, (or dollar). One yen notes are already printed.

The Yokohama chamber of commerce, (foreign) at its annual meeting, opposed a protective tariff as useless.

Why Will You

Allow a cold to advance in your system and thus encourage more serious maladies, such as Pneumonia, Hemorrhages and Lung troubles when an immediate relief can be so readily attained. *Boschee's German Syrup* has gained the largest sale in the world for the cure of Coughs, Colds and the severest Lung Diseases. It is Dr. Boschee's famous German prescription and is prepared with the greatest care, and no fear need be entertained in administering it to the youngest child, as per directions. The sale of this medicine is unprecedented. Since first introduced there has been a constant increasing demand and without a single report of a failupe to do its work in any case. Ask your Druggist as to the truth of these remarks. Large size 75 cents. Try it and be convinced.

PRINTS.—From the New York *Sun* of Feby. 18th: "The stock now at all points is 60,000 pieces, against 1,062,000 this time last year." The White House having a big stock will sell 10 yds. for $1 all the same. *

C. E. GEIGER, Homœopathist and Surgeon. All calls attended to promptly. Office, Government street, below Fort street, Victoria, B.C. *

CHLORODYNE

IS THE ORIGINAL AND ONLY GENUINE.

CAUTION.—Vice-Chancellor Sir W. P. Wood stated that Dr. J. Collis Browne was undoubtedly the inventor of Chlorodyne; that the story of the defendant, Freeman, being the inventor was deliberately untrue, which he regretted had been sworn to. Eminent hospital physicians of London stated that Dr. J. Collis Browne was the discoverer of Chlorodyne; that they prescribe it largely, and mean no other than Dr. Browne's.—See *Times*, July, 12, 1864.

The Public, therefore, are cautioned against using any other than

DR. J. COLLIS BROWNE'S CHLORODYNE.

REMEDIAL USES AND ACTION.

This invaluable remedy produces quiet, refreshing sleep, relieves pain, calms the system, restores the deranged functions, and stimulates healthy action of the secretions of the body, without creating any of those unpleasant results attending the use of opium. Old and young may take it at all hours and times when requisite. Thousands of persons testify to its marvellous good effects and wonderful cures, while medical men extol its virtues most extensively.

CHLORODYNE is admitted by the profession to be the most wonderful and valuable remedy ever discovered.

CHLORODYNE is the best remedy known for coughs, consumption, bronchitis, asthma.

CHLORODYNE effectually checks and arrests those too often fatal diseases—diphtheria, fever, croup, ague.

CHLORODYNE acts like a charm in diarrhœa, and is the only specific in cholera and dysentery.

CHLORODYNE effectually cuts short all attacks of epilepsy, hysteria, palpitations and spasms.

CHLORODYNE is the only palliative in neuralgia, rheumatism, gout, cancer, toothache, meningitis, &c.

EXTRACTS FROM MEDICAL OPINIONS.

The Right Hon. Earl Russell communicated to the College of Physicians and J. T. Davenport, that he had received information to the effect that the only remedy of any service in Chol ra was Chlorodyne. *See Lancet*, Dec. 31, 1864.

From A. Montgomery, Esq., late Inspector of Hospitals, Bombay.—"Chlorodyne is a most valuable remedy in Neuralgia, Asthma, and Dysentery. To it I fairly owe my restoration to health, after eighteen months' severe suffering, and when other remedies had failed."

Dr. Lowe, Medical Missionary in India, reports [December, 1865] that in nearly every case of Cholera in which Dr. J. Collis Browne's Chlorodyne was administered, the patient recovered.

Extract from the General Board of Health, London, as to its efficacy in Cholera.—"So strongly are we convinced of the immense value of this remedy, that we cannot too forcibly urge the necessity of adopting it in all cases."

See leading article, *Pharmaceutical Journal*, Aug. 1, 1869, which states that Dr. J. Collis Browne was the inventor of Chlorodyne; that it is always right to use his preparation when Chlorodyne is ordered.

CAUTION.—None genuine without the words "Dr J. Collis Browne" on the Government Stamp. Overwhelming medical testimony accompanies each bottle.

THOS. RUSSELL, Water Commissioner and Accountant.

Victoria, B. C., 1st December, 1879.

Council Chambers, Victoria, 8th January, 1879.

To the Worshipful the Mayor and City Councillors:—

Gentlemen,—In presenting statements of receipts and expenditure, cash assets and liabilities, and ledger balance sheet, I have to direct your attention in particular to the expenditure of 1879. This expenditure, embracing 13 months, includes outstanding accounts for December, 1878, and arrears of previous months, amounting in all to $7,622 37. The Corporation books now contain all known liabilities to 31st December, 1879, therefore, the present Statement shows 13 months' general expenditure and some arrears.

The excess of liabilities as shown on 31st December, 1879, in the Statement of cash assets and liabilities being $3,138 25 only, and the excess of payments during the year $7,622 37, it follows that your affairs are in a sound condition, as without such payments there would be a balance in favor of 1879 of $4,484 16.

As the Cash Statement does not show the actual expenditure on many important accounts to the close of the year the following entries, taken from the transfers to close, will supply that deficiency, *i. e.*,—

Street Repairs	$17,136 36
City Police	9,987 47
Charges	5,152 64
Street Lighting, 14 months	3,846 32
Legal expenses	610 00
Water Works	16,222 13
	$52,954 92

The difference between the actual expenditure as above and the cash expenditure as shown in the Statement is $10,975 83, which will account for the bulk of the liabilities of the Corporation at this date (31st of December, 1879).

I have the honor to be, Gentlemen,
Yours, most obediently,
J. C. BALES, Auditor.

DR. SPINNEY & CO'S DISPENSARY,

No. 11 KEARNEY STREET, SAN FRANCISCO.

DR. SPINNEY, well known as the founder of the Montreal (C. E.) Medical Institute, and late Proprietor of the SPINNEYVILLE INFIRMARY would most respectfully inform his patients and the afflicted generally, that he still continues to treat chronic and nervous diseases with unparalleled success.

LADIES AND GENTLEMEN,

Remember that procrastination is the thief of time so

COME AND BE HEALED!

It matters not what you troubles may be, come and let the Doctor examine your case. It will cost you nothing for consultation, so please call and satisfy yourselves whether the Doctor understands your case. If he can cure you he will tell you so; if not, he will tell you that, for he will not undertake a case unless he is confident of effecting a cure.

Parties at a distance wishing treatment, by sending $25 and a minute description of their troubles will receive in return a full course of treatment securely packed so as not to excite curiosity.

DR. SPINNEY will guarantee to forfeit Five Hundred Dollars for every case of any kind or character which he undertakes and fails to cure.

P. S.—For diseases of short standing a full course of medicines, sufficient for a cure, with all instructions, will be sent to any address on receipt of $10.00. Call or Address
